# STAIRS TO ACHIEVEMENT

Library - St. Joseph's College  
222 Clinton Avenue  
Brooklyn, N.Y. 11205

We congratulate you, the graduating class of 1985. The attainment of your Bachelor of Science degree from the Division of General Studies, a notable achievement in itself, is especially impressive, since it was earned by so many of you while successfully maintaining full-time professional careers and managing the demands of family life.

We pay tribute to your vision, intellect, and tenacity. We truly hope that your new degree will lead to even greater achievements in the years to come.

The Members of the Administration,  
Faculty and Staff of the Division of  
General Studies

Sister George Aquin O'Connor, Ph.D.  
President

Sister Mary Florence Burns,

Dean, Division of  
General Studies

SAINT JOSEPH'S COLLEGE  
DIVISION OF GENERAL STUDIES

To the Graduates of 1985,

May 1985

Graduation is your time for reflection and celebration. It is an opportunity for you to pause, to take a moment to look back on what has transpired in your life since you entered St. Joseph's. While such an event would be significant in anyone's life, it is especially so when the graduate is an adult with family and professional responsibilities, which adds to the tremendous amount of time and effort required to earn a bachelor's degree. You have worked hard and you have sacrificed, and for this you have reason to celebrate.

You recognize that as a person you have grown. Professionally, you have acquired knowledge which will enable you to make an even greater contribution to society. Personally, you have a clearer appreciation of all the love and support provided by your family, friends, and teachers. For all these things, you have a right—and an obligation—to be thankful.

A special thanks should also go to Daniel Beni and Eileen Mullen for the many hours they have spent to make this, our third yearbook, a standard for the future. They join me in the hope that Achievements '85 will rekindle in you fond memories of a time now past—but not forgotten.

Congratulations,

Thomas G. Travis, Dean

Achievements Coordinator

To The Graduates of 1985,

A successful yearbook requires the combined talents, energies, and dedication of many individuals working together as a team.

I would like to express my appreciation to all who worked so hard to make this, our third yearbook, a standard for the future.

In particular, I would like to thank Florence Apará, Richard Batten, Barbara Castelli, Thomas Dunn, Barbara Geraghty, Diana Klinger, and Donna Shatinsky, the volunteers of the class of 1985, who gave so freely of their time in "signing-up" their fellow graduates for yearbook portraits. Very special thanks, finally, should also go to Eileen Mullen, whose constant support and assistance made it possible for Achievements '85 to become a reality.

Sincerely,

Daniel Beni

# GENERAL STUDIES STUDENTS TO VISIT BARBADOS, WEST INDIES, TO STUDY HEALTH CARE SYSTEM

As Achievements '85 goes to press, we are happy to announce that General Studies students enrolled in CHA 500-A, International Health Systems under Victor Brown, will pay a health care fact finding trip to Barbados, West Indies, this spring. The visit will enable students to learn about the health care system of this developing country as well provide cultural enrichment. Students enrolled in CHA 500-A may receive college credit for the experience.

## NEW DEVELOPMENTS . . . ADULTS IN TRANSITION

Fullfillment is a goal to which we all aspire. We want understanding of ourselves and others, control over our lives, and satisfaction in our careers. We also need a supportive atmosphere that promotes introspection, confidence, risk taking, and pragmatic goal setting.

To provide this environment, St. Joseph's College developed GS 100 Adults in Transition in 1983 with the support of a grant from the Association of American Colleges. As many of you know from having taken Adults in Transition, the course provides students with an opportunity to examine the writings of the major theorists in adult development, and through a series of guided group and individual exercises, enables students to apply these theories to their own lives. With increased self-awareness, students prepare a personal life, career, and educational plan.
